

Photos: Artist William Stout art exhibited at American Legacy Fine Arts gallery in Pasadena

Posted Jul 10, 2013

By Michelle Mills

Pasadena artist William Stout has worked on advertising for more than 120 films, he has also done illustrations for magazines and album covers. In addition to his fantasy paintings, Stout created dinosaur murals for the Natural History Museum in Los Angeles and Michael Crichton credited his work as the inspiration for "Jurassic Park." Now you can see – and buy – his paintings at the American Legacy Fine Arts gallery in Pasadena.

William Stout with two of his ink and watercolor drawings, "Vampyr" and "Fafnir's Sleeps" at American Legacy Fine Arts Monday, July 8, 2013. Stout is a famously diverse artist of international

renown in many fields: themed entertainment and motion picture design (specializing in science fiction/fantasy/horror films), comic book art, book illustration, poster design, CD covers, public murals, and dynamic yet accurate reconstructions of prehistoric life. His endeavors in the fields of movies and comics have gained him a loyal following, making him a popular guest at comic book, science fiction and horror movie conventions around the world. William Stout is known for his dinosaur murals at the Natural History Museum in Los Angeles and he is also credited by Michael Crichton as the inspiration for "Jurassic Park." Now people can see and purchase his work at American Legacy Fine Arts a private gallery, private appointment only in Pasadena.
